AUXEY-DURESSSES LA MACABRÉE 2019

Macabrée expresses the spirit of marshes or swamps.

VINTAGE

The season begins with a mild and dry winter, leading to an early start to the growing cycle. A significant episode of frost occurred on the Chardonnay on April 5 then on the Pinot Noir on April 14, causing a harvest loss (30% to 50%). A cooling at the beginning of June leads to capricious flowering. This causes runoff and further reduces yields while concentrating the aromas. The hot summer induces water stress in certain places which delays the maturity of the grapes. Because the berries are small and few number, the sugar level in the grapes is naturally high but the lack of water helped maintain good acidity.

VINEYARD

This small "Climat" means the marsh, next to Meursault "Les Luchets" and "Vireuils". The clayey marly soil gives quickly a satisfactory maturity in a rich and dynamic style. Cuvée vinified from three distinct vines with different ages.
