CHASSAGNE-MONTRACHET 2021

VINTAGE

Until the last day, the 2021 wine year is trying. Marked by severe episodes of frost between April 5 and 9 which significantly reduced the harvest, the vines awakening was difficult, and the months of April and May were rainy and cool. Until the harvest, which began on September 20, the brutal weather changes set their tempo: responsiveness and constant attention are necessary. Fortunately, the lull in June allowed the flowering to take place without incident and veraison was favored by good conditions which set in from mid-August.

VINEYARD

If we are on the side of Santenay (deeper and more clayey soil), or on the side of Puligny (light and pebbly soil), the wines produced will be different. This cuvee is produced from own vineyards (Houillères and Pierres), but also the purchase of the grapes on the terroir of Charrières, Les Blanchots Dessous, Les Benoités, Les Mazures-et-Voillenots.
