

MEURSAULT NARVAUX 2017

This word derives from Latin language "vallis" which means valley: in French: " un val, des vaux"

VINTAGE

After a cold and dry start to the year, temperatures rose quickly at the end of March, triggering a rapid resumption of the growing cycle. A few morning frosts impacted part of the vineyard at the end of April but without major damage. The flowering period takes place in a few days at the beginning of June in superb weather. The summer is hot and sunny but delivers some welcome storm rain to help the plant enter the veraison stage. The harvest takes place at the beginning of September with ideal weather and impeccable health quality of the grapes.

VINEYARD

Blending of different vineyards in the terroir of Narvaux (Dessous and Gorges), located above the 1er Crus Genevrières and Poruzots. Facing East and on a steep slope, the vineyard grows on a subsoil composed of hard rocks, type Comblanchien. The terroir produces structured and rich wines.

Wine-Growing method : Sustainable

Harvest: 100 % manual Soil : Calcareous Clay Production area : 13,44 ha Altitude : 250-300 m

Average age of vines: 41 years

VINIFICATION
