## POMMARD 2020

### VINTAGE

The 2020 vintage is a unique vintage. It is marked by historic precocity from budburst, with an advance of 3 weeks, until the harvest which took place entirely in the month of August. High temperatures associated with a lack of precipitation cause a significant water deficit as well as evapotranspiration phenomena in July and August. The absence of rain, on the other hand, allows the health of the grapes to be very satisfactory. The particular conditions of this vintage generate wonderful balances.

### VINEYARD

Planted in a terroir with very different natures of soil, we have to choose a style without underestimate the entire and even a little bit rustic character which corresponds to the wines from Pommard when they are young. We chose to produce an elegant wine with the vineyards located mainly in the hillsides (Chanlins, Refènes, Grands Poisots, Cras, En Moigelot et La Croix Planet). The nature of the soil is mainly brown and limestone. The grapes from several plots are blended in the tanks.
