

## PULIGNY-MONTRACHET 2017

Its name derives from "Pul" which means "marais": marsh. Puligny stands on small pockets of water which prevent digging underground cellars.

### VINTAGE

After a cold and dry start to the year, temperatures rose quickly at the end of March, triggering a rapid resumption of the growing cycle. A few morning frosts impacted part of the vineyard at the end of April but without major damage. The flowering period takes place in a few days at the beginning of June in superb weather. The summer is hot and sunny but delivers some welcome storm rain to help the plant enter the veraison stage. The harvest takes place at the beginning of September with ideal weather and impeccable health quality of the grapes.

### VINEYARD

This A.O.C. is at the bottom of the hill, on a brown soil from the North of Meursault to the South of Chassagne. Stony calcareous clay. The style might be different but it combines elegance and richness. We are lucky to produce a wine that is representing the whole of the different terroirs from this village, thus more than 21.
