SAINT-ROMAIN 2017

The landscape flares out here in broad perspectives. It is one of the first Celtic and Gallo-Roman vine sanctuaries in Burgundy.

VINTAGE

After a cold and dry start to the year, temperatures rose quickly at the end of March, triggering a rapid resumption of the growing cycle. A few morning frosts impacted part of the vineyard at the end of April but without major damage. The flowering period takes place in a few days at the beginning of June in superb weather. The summer is hot and sunny but delivers some welcome storm rain to help the plant enter the veraison stage. The harvest takes place at the beginning of September with ideal weather and impeccable health quality of the grapes.

VINEYARD

Pretty village overlooking la Côte de Beaune and turning its back on the vineyards of les Hautes Côtes. Planted on brown and limestone soil where the rock is deep, the vines have to be brought to a certain maturity obtained at the end of the season. Our vintage is produced from the terroirs of En Poillange, La Perrière, Combe Bazin, en Chevrot and Sous le Château.
