SANTENAY ROUGE 2019

From the water nymph to the god of wine, Santenay benefits from a dual vocation, spa and wine. Santenay has effectively become Santenay les Bains, a small spa town in the south of the Côte d'Or; its waters are rich in lithine.

VINTAGE

The season begins with a mild and dry winter, leading to an early start to the growing cycle. A significant episode of frost occurred on the Chardonnay on April 5 then on the Pinot Noir on April 14, causing a harvest loss (30% to 50%). A cooling at the beginning of June leads to capricious flowering. This causes runoff and further reduces yields while concentrating the aromas. The hot summer induces water stress in certain places which delays the maturity of the grapes. Because the berries are small and few number, the sugar level in the grapes is naturally high but the lack of water helped maintain good acidity.

VINEYARD

Located at the South border of la Côte de Beaune, the village of Santenay is very sprawling. The soils are brown and limestone in the hillsides and with more of clay and silt at the bottom of the territory. We blend grapes from different vineyards in order to combine structure, quality of fruit and elegance.
