

MEURSAULT 1ER CRU SOUS LE DOS D'ÂNE - RÉCOLTE DU DOMAINE 2021

The tumulus formed by the stones extracted from the vineyards could remind you of the back of a donkey with the reflection of the light. It can simply evoke a movement of land or its topography. Harvest of the Domain.

VINTAGE

Until the last day, the 2021 wine year is trying. Marked by severe episodes of frost between April 5 and 9 which significantly reduced the harvest, the vines awakening was difficult, and the months of April and May were rainy and cool. Until the harvest, which began on September 20, the brutal weather changes set their tempo: responsiveness and constant attention are necessary. Fortunately, the lull in June allowed the flowering to take place without incident and veraison was favored by good conditions which set in from mid-August.
