

## MEURSAULT 1ER CRU LE PORUSOT - RÉCOLTE DU DOMAINE 2020

Poruzot from a very mineral land, very rocky.

### VINTAGE

The 2020 vintage is a unique vintage. It is marked by historic precocity from budburst, with an advance of 3 weeks, until the harvest which took place entirely in the month of August. High temperatures associated with a lack of precipitation cause a significant water deficit as well as evapotranspiration phenomena in July and August. The absence of rain, on the other hand, allows the health of the grapes to be very satisfactory. The particular conditions of this vintage generate wonderful balances.

### VINEYARD

Poruzots has one part of Dessus (above) with rocks, deep faults on a clayey red soil. The part of Dessous (below) gives powerful and generous wines.
