PULIGNY-MONTRACHET - FRANCE

## PULIGNY-MONTRACHET 1ER CRU CHAMP GAIN 2020

This name comes from the fields recovered from the forest, then planted in vines.

### VINTAGE

The 2020 vintage is a unique vintage. It is marked by historic precocity from budburst, with an advance of 3 weeks, until the harvest which took place entirely in the month of August. High temperatures associated with a lack of precipitation cause a significant water deficit as well as evapotranspiration phenomena in July and August. The absence of rain, on the other hand, allows the health of the grapes to be very satisfactory. The particular conditions of this vintage generate wonderful balances.

### VINEYARD

A deserted area after phylloxera (1880) and cultivated again in the fifty's years. The whole of four separate vineyards, planted between Saint Aubin and the terroir of les Truffières. The soil is brown limestone with a slower maturity.
