

PULIGNY-MONTRACHET 1ER CRU CHAMP GAIN 2017

This name comes from some fields recovered from the forest, then planted in vines.

VINTAGE

After a cold and dry start to the year, temperatures rose quickly at the end of March, triggering a rapid resumption of the growing cycle. A few morning frosts impacted part of the vineyard at the end of April but without major damage. The flowering period takes place in a few days at the beginning of June in superb weather. The summer is hot and sunny but delivers some welcome storm rain to help the plant enter the veraison stage. The harvest takes place at the beginning of September with ideal weather and impeccable health quality of the grapes.

VINEYARD

A deserted area after phylloxera (1880) and cultivated again in the fifty's years. Combination of four separate vineyards, planted between Saint Aubin and the terroir of les Truffières. The soil is brown limestone with a slower maturity.

Wine-Growing method : sustainable

Harvest: 100 % manual

Soil : Calcareous Clay

Production area : 10,7 ha

Altitude : 250-300 m

Average age of vines : 36 years

VINIFICATION

100% Chardonnay
