

Olivier Leflaive

PULIGNY-MONTRACHET - FRANCE

RULLY 1ER CRU VAUVRY 2019

This word derives from a spring called "la Vouivre".

VINTAGE

The season begins with a mild and dry winter, leading to an early start to the growing cycle. A significant episode of frost occurred on the Chardonnay on April 5 then on the Pinot Noir on April 14, causing a harvest loss (30% to 50%). A cooling at the beginning of June leads to capricious flowering. This causes runoff and further reduces yields while concentrating the aromas. The hot summer induces water stress in certain places which delays the maturity of the grapes. Because the berries are small and few number, the sugar level in the grapes is naturally high but the lack of water helped maintain good acidity.

VINEYARD

Facing East / South-East, this terroir is part of the most historic white wines of the village. The subsoil is limestone marly and covers the whole of vineyard area in a slope. Wine produced from one supplying with vines of different ages.

Wine-Growing method : Sustainable

Harvest: 100 % mechanical

Soil : Calcareous Clay

Production area : 4,53 ha

Altitude : 250-300 m

Average age of vines : 41 years
