

## SAINT-AUBIN 1<sup>ER</sup> CRU DENTS DE CHIEN 2021

This name comes from a field located below a sharp rock which looks like the canine of a dog.

### VINTAGE

Until the last day, the 2021 wine year is trying. Marked by severe episodes of frost between April 5 and 9 which significantly reduced the harvest, the vines awakening was difficult, and the months of April and May were rainy and cool. Until the harvest, which began on September 20, the brutal weather changes set their tempo: responsiveness and constant attention are necessary. Fortunately, the lull in June allowed the flowering to take place without incident and veraison was favored by good conditions which set in from mid-August.

### VINEYARD

Blending of three plots in the top of the part of the territory, along Puligny-Montrachet. It is a limestone soil, draining, facing South.

Wine-Growing method : Sustainable  
Harvest: 100% manual

Soil : Calcareous Clay  
Production area : 16,1 ha  
Altitude : 250-300 m  
Average age of vines : 31 years
