SAINT-AUBIN 1ER CRU EN REMILLY 2020

Remilly come from the Gallo-roman name "Romillus", former owner of this land?

VINTAGE

The 2020 vintage is a unique vintage. It is marked by historic precocity from budburst, with an advance of 3 weeks, until the harvest which took place entirely in the month of August. High temperatures associated with a lack of precipitation cause a significant water deficit as well as evapotranspiration phenomena in July and August. The absence of rain, on the other hand, allows the health of the grapes to be very satisfactory. The particular conditions of this vintage generate wonderful balances.

VINEYARD

This terroir protects from frost in the area of Montrachet. It is the historical terroir of Saint Aubin, ravaged by phylloxera then cultivated since the seventies. Limestone soil. In the night, grappes are still warmed by summer heat. Mineral character, like flint in a dynamic style.
