BEAUNE CLOS DES MONSNIÈRES 2023

This large plot, in Beaune, forms a semi-circle around the places called "Les Mondes Rondes". It was deforested about sixty years ago. The name of this Climat comes from the old French "Mansion" which means residence/home.

VINTAGE

A demanding vintage. 2023 is now seen as the hottest year with the temperatures above seasonal averages. This vintage is also characterized by significant water deficit during the growing season and strong disease pressure. We also noticed strong heterogeneities in maturity with dynamics that are difficult to anticipate. The harvest was generous, allowing us to carry out a thorough sorting, especially on the Pinot Noir.

VINEYARD

Vineyards surrounded by walls on 3 sides, with their backs to the Montagne de Beaune and with a magnificent view of the Pommard vineyard and the Côte. Planted in 1986. Quite shallow clay-limestone soils over ironstone gravel enable Chardonnay to ripen slowly.
