PULIGNY-MONTRACHET - FRANCE

1ER CRU VIGNES COULAND 2023

This plot of vines belonged, at the time when it was so named, to a fellow Couland, whose surname is well known in Saône-et-Loire.

VINTAGE

A demanding vintage. 2023 is now seen as the hottest year with the temperatures above seasonal averages. This vintage is also characterized by significant water deficit during the growing season and strong disease pressure. We also noticed strong heterogeneities in maturity with dynamics that are difficult to anticipate. The harvest was generous, allowing us to carry out a thorough sorting, especially on the Pinot Noir.

VINEYARD

This limestone terroir has a vein of blue clay as its specificity, providing additional complexity to this wine.
