

AUXEY-DURESSES 2023

Auxey-Duresse is probably, in Burgundy, one of the sanctuaries of Celtic and Gallo-Roman vineyard. This former outbuilding of Cluny Abbey once shared its activity between grain mills and wine press.

VINTAGE

A demanding vintage. 2023 is now seen as the hottest year with the temperatures above seasonal averages. This vintage is also characterized by significant water deficit during the growing season and strong disease pressure. We also noticed strong heterogeneities in maturity with dynamics that are difficult to anticipate. The harvest was generous, allowing us to carry out a thorough sorting, especially on the Pinot Noir.
