MEURSAULT NARVAUX 2023

This word derives from Latin language "vallis" which means valley: in French: " un val, des vaux"

VINTAGE

A demanding vintage. 2023 is now seen as the hottest year with the temperatures above seasonal averages. This vintage is also characterized by significant water deficit during the growing season and strong disease pressure. We also noticed strong heterogeneities in maturity with dynamics that are difficult to anticipate. The harvest was generous, allowing us to carry out a thorough sorting, especially on the Pinot Noir.

VINEYARD

Blending of two vineyards in the terroir of Narvaux, located above the 1er Crus Genevrières and Porusots. Facing East and on a steep slope, the vineyard grows on a subsoil composed of hard rocks, type Comblanchien. The terroir produces structured and rich wines.
