

PULIGNY-MONTRACHET ENSEIGNÈRES 2023

This vineyard is located in a former oak forest (derived from "chasnes" in old French language or "chanières")

VINTAGE

A demanding vintage. 2023 is now seen as the hottest year with the temperatures above seasonal averages. This vintage is also characterized by significant water deficit during the growing season and strong disease pressure. We also noticed strong heterogeneities in maturity with dynamics that are difficult to anticipate. The harvest was generous, allowing us to carry out a thorough sorting, especially on the Pinot Noir.

VINEYARD

A whole of four plots scattered on the terroir located below les Grands Crus of Bâtard and Bienvenues-Bâtard-Montrachet. This terroir is considered as the richest and the more powerful of its category. Blend of several plots with a brown soil on a limestone flagstone.
