

CHASSAGNE-MONTRACHET 1ER CRU BLANCHOTS 2022

We skip the southern wall of Montrachet to set foot in Chassagne-Montrachet 1er Cru Blanchot Dessus. It is also the neighbour of Chassagne 1er Cru Dent de Chien. It should be noted that part of Blanchot is in the village appellation, it is Blanchot Dessous.

VINTAGE

The 2022 vintage brought serenity back to the vineyard with a healthy harvest and correct volumes. With rainfall accumulations far from excessive, the year 2022 was marked by average temperatures higher than seasonal norms and rainfall deficits from the start of the vine's vegetative cycle. At the beginning of April, episodes of frost will recall the terrible nights of April 6 and 7 of 2021, but fortunately with an impact beyond measure. The year 2022 is the year of all records for sunshine with the equivalent of an additional month of July.

VINEYARD

It is quite similar with that of the Grand Cru Criots-Bâtard-Montrachet. The vines rest on a limestone bedrock from the Middle Jurassic, like all its neighbours. There is a small layer of very fine white clays and a light and well-draining slope which makes it possible to produce very elegant and well-made wines.
