PULIGNY-MONTRACHET - FRANCE

PULIGNY-MONTRACHET 2024

Its name derives from "Pul" which means "marais": marsh. Puligny is standing on small pockets of water which prevent building underground cellars.

VINTAGE

From tears of rain to tears of wine, a year as trying as it is moving! 2024 will be remembered... Marked by record rainfall and omnipresent humidity, it put winegrowers to the test. Despite vigilance and hard work in the vines, mildew took over, strongly impacting yields. Significant disparities appeared between terroirs: more draining soils were better able to resist disease pressure. Fortunately, after harvest, the quality of the wines came as a nice surprise. Freshness and radiance are there, offering a precious reward after a season of challenges.

VINEYARD

The appellation lies at the bottom of the hillside, on brown soil stretching from Meursault in the north to Chassagne-Montrachet in the south. The soil there is clay-limestone with a strong presence of stones. Depending on the location, the style differs a little but always allows you to combine elegance and richness. We are lucky to have a representative from all the Climats of the appellation, 26 in total.
